Our passionate team is as determined as you are to restore your health, function, and quality of living. We achieve this by monitoring and evaluating our treatment methods, evolving our practices and methods as innovation and technological advances allow us to. Because we seek optimal results in all of our patients, we ensure the quality of our services over the quantity of clients we assist. This method allows us to focus on you and your progress, creating individualized physical therapy treatments tailored to your unique condition to promote healthy recovery.

Testimonials

Here's what some satisfied customer have to say.

"For almost 15 years I suffered from neck pain... After a treatment at Complete Care Physical Therapy I finally started feeling well. Headaches stopped, neck muscles regained function. Thank you very much."

Jul 21, 2015 | Nailya A | Fair Lawn , NJ

"For 9 years I had problems with my back and neck. In addition, two months ago I got a pain in my leg that did not stop for a minute and swelling. After just two treatments the pain and swelling were gone. I am impressed... I can't express all my gratitude."

Jul 20, 2015 | Alvina M | Fair Lawn , NJ

"I will recommend to the people who get knee replacement and other problems with joints - go for physical therapy to the office which is located in Fair Lawn. - Complete Care Physical Therapy. Office is clean, good equipment. Therapist, Judy Quizon, is very professional with good understanding of patients problems. All staff including Maggie, Safaa and Sophia are very friendly. Office has good parking lot too."
